Up and Running, Inc.
338 Sadie Lane
Webb City, Mo 64870

Dear Pete,

Thank you so much for coming to the jr high to talk to our students during our career day.

Its great for the kids to hear about both your programming business and back-ground but, also Super they get to hear about starting a business from scratch.

I appreciate that you have done this for us three times now as I know scheduling is a challenge. Its so good for our students to get this exposure to so many different career options.

Again, thank you!

Sincerely, *Dana Sisk - Counselor*
